## CHINESE SCHOOL COOKING CLASSES

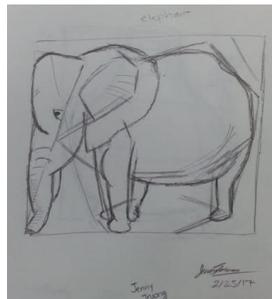

Every year we conduct our end of the year survey. As in previous years, the cooking class has been the top rated extra-curricular activity from the children's class to the adults according to our survey.

Every year we challenge the teachers to be creative in their cooking classes with regards to the dish they make and where the students will have a good learning experience. So far, they have been very successful. The classes range from children to adults with dishes being both simple to some that are more elaborate from Dim Sum to Zongzi.

## ART CLASS

This year's art class provided a unique experience for the students. Art teacher Mr Mao teaches individual classrooms different concepts of art using pencil. The students enjoy his classes because they are able to explore art from the very beginning stages to completing the piece of work. Here are some of the students art work that was done this year.

## MUSIC CLASS

The music class was taught by Jason Tong who was a prior Cantonese Teen Chinese School teacher and substitute. The students really enjoyed the music this year as an extra-curricular activity learning new songs and exploring their own talents for singing. Jason will be leaving us this year to focus on his new found venture IC Monster located in Mira Mesa.

If you get a chance, please visit him at:
